I have completed my review of the mine permit amendment application for Mine Permit 8. Besides my earlier comments below on the adjacent landowner return receipts, I just have a couple of comments.

1. SDCL 45-6B-10(2): After reviewing the adjacent landowner map in Permit 8, there appears to be some changes to adjacent landowners since Permit 8 was approved. Therefore, please submit an updated adjacent landowner map.
2. ARSD 74:29:02:05: Please include a description of Cold Springs plans for future exploration and mining in the permit amendment area. This would be for the time period after 2070 when operations are scheduled to end under the permit amendment.

After we receive these items, the permit amendment application will be considered complete. If you have any questions, please feel free to contact me.

Ok. Keep me updated. If you don't get any other receipts back, we can note that Cold Spring made an attempt to contact those adjacent landowners.

Mielitz had it addressed to two people who live on same property and it got sent back. So I resent it to just one of the brothers. Pinkert and Anderson I have not gotten anything back yet.

Did you get return certified mail receipts yet for adjacent landowners Pinkert, Mielitz, and Anderson?
